COMMODORE'S MESSAGE

RICHARD POTCOVA DN US 216
MONROE, MICHIGAN, USA

Hello and welcome back from another grueling summer. I think we're about 9 weeks away from the Western Challenge. Can't wait!

You should have noticed that your governing committee has been hard at work during the summer months working on various projects. The new and improved Runner Tracks was one of the highlights for sure. But behind the scenes all of us have been looking for ways to boost our membership and control costs. Not easy, but I think the worst is behind us. Some of you have ideas on regattas, marketing, and ideas that may be good for the club. I haven't forgotten, and I will soon be in touch so you care share your ideas with the rest of the committee.

You will soon see a flyer in the mail that has the IDNIYRA membership renewal and other pertinent information. Since many of you will be renewing through the website, feel free to pass your flyer along to an interested ice boater that you may know. Or take it as a communication to your local ice yacht club meeting. Just another tool to promote our sport and help inform those who are looking for assistance.

See you on the ice,

Richard Potcova

IDNIYRA EUROPE MINUTES AND DECISIONS OF NATIONAL SECRETARIES

IDNIYRA-EUROPE
INTERNATIONAL DN ICE YACHT RACING ASSOCIATION EUROPE
IDNIYRA-EUROPE SOCIETY E.V.
MINUTES AND DECISIONS OF NATIONAL SECRETARIES
AALSMEER, THE NETHERLANDS, 26 TO 28 APRIL 2013

TOPIC1 ASCERTAINMENT OF A QUORUM

It was confirmed that the invitation to the Annual meeting was issued in time and a quorum was present. Attendance list of the general meeting is below.

Present:

IDNIYRA EXECUTIVE BOARD

Commodore	Joerg Bohn
Vice Commodore	Attila Pataki
Treasurer	Christian Seegers
Insurance Manager	Niklas Mueller-Hartburg
Junior Programme Manager	Stan Macur
Webmaster	Dietmar Gottke
Secretary	Chris Williams

National Secretaries

Czech Republic	Vladislav Ptasnik
Germany	Bernd Zeiger
Hungary	Attila Pataki
Latvia	Madars Alvikis
Netherlands	Hennie van den Brink
Poland	Jerzy Henke
Russia	Yuriy Astashev
Sweden	Tomas Lindgren
United Kingdom	Chris Williams
United States	Deb Whitehorse

Proxy votes

Austria	represented by Niklas Mueller Hartburg
Denmark	represented by Vladislav Ptasnik
Finland	represented by Tomas Lindgren
Switzerland	represented by Chris Williams

TOPIC 2 OPENING REMARKS AND REVIEW OF THE SEASON 2012/2013

The Commodore opened the meeting by welcoming all present and a special welcome to Madars Alvikis ,Yuriy Astashev and Bernd Zeiger to their first European National secretaries meeting.

AUSTRIA – A good start in December 2012 on a small lake in Corinthia with sailors from all over Austria.

Further sailing in January to March in Carinthia, Salzburg, Czech Republic (Lipno). Highlight of season was EC 2013 with 6 Austrian DN sailors and newcomer OE-777 Philip Hribar winning the Bronze Fleet.

CZECH REPUBLIC – Weather had allowed only one regatta with one day sailing. 3 sailors took part in EC and a group of 4 - 5 sailors sailed intensively in Poland in local regattas and small

fleets. Regrettably Mitropa trophy with Czech, Hungarian and Austrians not possible (weather). Two new sailors this year but no Ice Optimists.

GERMANY – A very poor season due to weather. One local regatta with 33 DNs at “Saaler Bodden” in Eastern Germany in February. 8

Germans in WC in NA and 20 Germans in EC in Poland. We now have 396 DN members and 6 Ice Optimists.

HUNGARY – A very poor season with practically no sailable ice. The cold and warm periods changed quickly and prevented the formation of any safe ice on the lakes. Hungarian Championships and Mitropa Cup not sailed.

LATVIA – Season lasted about 4 months with 2 good regattas. Latvian championships on lake Kisevers and new regatta “Jahtas.LV” trav-

elling trophy on Riga Bay – an historical event. Numbers of sailors who competed and trained on Latvian ice similar to previous seasons.

THE NETHERLANDS – A long winter but not cold enough for good ice. Frisian and Dutch championships sailed in one week at end of January on the Tjeukemeer. New Dutch champion Piet Hopma Zijlema (H-667). 25 new members in 2013 with paying members now totalling more than 500. DN Netherlands celebrate 50 years in 2014.

POLAND – Very short season. First regatta with very good ice 29/30 December in Gizycko, many German and Czech sailors. Further regattas in early January with the last in mid-March. Overall a total of 9 regattas which included 4 Polish championships in all groups (Seniors, Juniors, Young Juniors and Ice Optimists). Seniors a great success with 65 sailors from 5 countries.

RUSSIA – There is steady growth in Russian ice sailing. Russian championships sailed in St Petersburg 3 to 7 January with 28 DNs – winner Valentin Uvarkin R204. 8 Russians competed in EC 2013 and one in WC 2013 in USA. A number of regattas were completed in Volgograd, St Petersburg, Novosibirsk and Vladivostock. The major regattas were held in April on Lake Baikal – the Asia Cup followed by the Baikal Cup with 46 DNs from 7 Russian regions and 7 Nations and in addition 7 Ice Optimists. This unique lake is usually quite warm in April despite 1.5 meters of ice. Thanks are due to Joerg Bohn for promoting the Baikal regattas and to Ron Sherry for virtually crossing the globe to participate. The next Russian Championships and Baikal Cup are planned for 5-15 April 2014 – all ice boaters are welcome.

SWEDEN – After a very cold start in November massive snowfalls prevented good ice until first ranking 12 – 13 January at Glan (Norrköping). More snow followed on Stockholm area. Second ranking 9 – 10 February at Kungsbacka followed by Nationals at Kungsbacka 23 – 24 February

with over 70 sailors from all over Europe. Sailing continued until April in most parts of Sweden. A late start but a decent season. 15 Senior DN sailors at EC 2013. 4 Senior DN and 2 Junior DN for the first time at the Worlds in USA. In the Junior WCEC in Lithuania we had our first Junior DN World Champion – Eddie Klemets S-812. Thanks to a major effort by Hans Adolfsson.

UNITED KINGDOM –

No sailing but plenty of travel with one DN (K-11) in the WC in USA and two (K-11 and K-13) in the EC in Poland.

NORTH AMERICA – Another average year with sailing opportunities for those willing to travel.

December 2012 Western Challenge regatta – 77 DNs in 2 Fleets. NA Ice Optimist championships – 8 sailors. Last year for Griffin Sherry (US-1) and Frankie Hearn (US-2). Central Region 2012 regatta on Lake Houghton, Michigan with 42 DNs in 2 Fleets. January 2013 Western Region regatta on Lake Kegonsa near Madison with 66 DNs in 2 fleets. GC on Lake Pepin with 101 DNs in 2 fleets. Very challenging conditions, a total of 11 races, 6 in A Fleet and 5 in B Fleet. February NA Championships on Lake Pepin. Light and shifty winds allowed only 4 races, 3 A and 1 B. Canadian Championships Kingston, Ontario. 7 races for 17 DNs.

TOPIC 3 APPROVAL OF THE MINUTES OF THE NATIONAL SECRETARIES MEETING 2012

These were AGREED and APPROVED.

TOPIC 4 MATTERS ARISING FROM TOPIC 3 NOT COVERED BY THIS AGENDA

The proposal from Karol Jablonski was discussed under Topic 10 – Junior Programme Report.

TOPIC 5 LETTERS TO THE BOARD

No letters received.

TOPIC 6 EC 2013 REPORT

Weather had caused a N. Europe search for ice with minimal snow. Much searching over several days with help from Mons Oscarsson (Kungsbacka), Arne Persson (Mariestad), 3 generations of Attila Pattaki, Karol Jablonski, Tomek Zakrzewski, Jerzy Henke and Stan Macur with further help during the event from Juri Saraskin resulted in Gizycko (Poland) being selected with good ice close to accommodation. 10 races were completed before snow arrived and following a vote, a move to Lake Siemanowske on the Belarus border for good clear ice. Accommodation was in Bialowieza, 35 km. away. One good day of racing was completed before on the second day a Force 6 gale ended the Championship. Dideric van Riemsdijk was thanked for the giveaways and T Shirts and Finland for the trophies and medals.

Prize giving was held at short notice in a small restaurant in Bialowieza. The PRC and Stan Macur were congratulated on a well organised regatta which had been held in difficult and challenging conditions.

TOPIC 7 JUNIOR DN AND ICE OPTIMIST 2013 REPORT

Regrettably the planned site – Lake Rekyva (Lithuania) was snowed in some time before start date and following a considerable ice search Neringa on the Baltic was selected. 30 Junior DN (4 races) and 43 Ice Optimists (3

races) completed the regatta in very challenging conditions due to strong winds. The Lithuanian organisers were congratulated on an excellent regatta very well supported by the PRC.

TOPIC 8 FINANCIAL REPORT 2012/2013

The Treasurer presented the Financial Report for 2012-2013 (16. 4. 2012 to 18. 04. 2013). Assets were very healthy but it was decided to leave the IDNIYRA fee at the present level (€45). The change of 3 days for the Annual report to 18 April vice 15 April was agreed. Jerzy Henke from Poland did an audit of the Accounts for the financial year 2012/2013 and agreed. The "audit" of the Accounts in 2014 would be carried out by Vladislav Ptasnik. The Treasurer was warmly thanked for his very efficient work and clear presentation.

TOPIC 9 LESSONS LEARNED FROM EC 2013 & JUNIOR DN/ICE OPTIMIST WC/EC 2013

EC 2013 Lessons submitted in advance of meeting:

- a. In addition to normal Protest procedure from racing incidents, any disagreement with the Measurer MUST be referred to the PRC chairman and if not resolved satisfactorily, a written Protest must be submitted within the time limit (after the race or within two hours of the finish of the day's racing).
- b. Greater attention must be paid to visibility conditions.
- c. Before start of last race of the day, sailors in Fleets who have completed for the day should be warned to keep well clear of race course when returning to the shore depot.
Payment
- d. Date for end of Insurance check should be in NOR.
- e. Sailors who have registered and not paid will be deleted from the list.
- f. PRC should have a list with all regular registered sailors.

- g.** Late entry sailors can pay by bank transfer or pay at check-in.
- h.** Sailors who make late entry and have no Insurance ID must show confirmation.
- i.** In both (g.) and (h.) above this should be possible in last hour of regatta check-in where Insurance Manager and Treasurer should both be present.

Late Entry

- j.** Entry priority:
- (1) Sailors who registered but not paid in time will be first
 - (2) Sailors who made an online late entry will be second
 - (3) If space is left (less than 200 entries) sailors who are at the regatta can make a late entry

Withdrawing an entry

When a registered sailor withdraws his/her entry within the registration period the entry fee will be returned to the sailor MINUS the IDNIYRA fee which will be retained.

Entry form

There should be a paragraph in the form where the sailor understands and accepts the restrictions of insurance claims for boat and equipment damage.

EC2013 Lessons raised and discussed at meeting

Stickers and Sail Tag

It was agreed that better and more durable stickers should be obtained for 2014 with the Runner stickers probably oval in shape. The sail tag presented many difficulties in attaching and a simpler tag was needed for 2014.

ACTION: Webmaster

Number of Races versus time for other activities

A lengthy discussion centred on the number of races in a day versus the time left for socialising,

equipment preparation and relaxation at the end of each day. It was agreed that the previous decision to aim for 5 races per fleet per day was too ambitious, and to date had not been achieved. (Secs meeting 2011 Topic 19i)

TOPIC 10 JUNIOR PROGRAMME REPORT

JWC 2014: 17th to 22nd February 2014 hosted by Latvia 17th -18th are practice days and 19th-21st racing championship days with 22nd February as a reserve day if there is no minimum of three races finished.

Karol Jablonski proposal

Shortly before the meeting Karol Jablonski had submitted a proposal concerning the rising ages in the sport, caused in part by young DN sailors not moving up to the senior fleets, and two potential solutions were presented by the Polish National Secretary:

- a.** To allow sponsorship for young sailors up to the age of 30
- b.** IDNIYRA Europe should cover costs of competition for at least 10 talented young sailors.

This led to a lengthy discussion covering many aspects associated with proposal (a). Proposal (b) was not considered affordable.

Present situation

A significant number of young DN sailors in Europe do not have the finance to continue iceboating once they are no longer Juniors, and drop out of their individual Junior programme. The costs in Europe for competitive material, fuel, ferries, hotels and entry fees etc. prevents those without financial family background from competing once they turn 21 years of age. DN iceboating needs young people to join the class and it was particularly sad to see talented young sailors leaving after all the effort invested in their junior programme. Personal sponsorship for the 21 to 30 year olds would allow them to ask possible sponsors (e.g. local industry) to finance their travel and sailing. This would continue until they turned 30, by which time they would have had a chance to establish their own income and could finance future iceboating.

IDNIYRA EUROPE
MINUTES AND DECISIONS
OF NATIONAL SECRETARIES

Decision of the Board for Europe only

The Board agreed to allow personal sponsorship for young sailors aged between 21 and 30. Any possible event sponsorship (e.g. stickers) would have priority over personal sponsorship. It was also strongly agreed that the class did not want personal sponsorship in the future for all their sailors! Personal Sponsorship could be placed on clothes/race suit, the hull, plank, mast and in the sail above the upper batten, as well as below the lower batten. This will take effect from the season 2013/2014.

TOPIC 11 TECHNICAL COMMITTEE REPORT

Secretary reported inputs from European Technical Committee and Jane Pegel, Chair of IDNIYRA Technical Committee. A very busy year covering a wide range of decisions and interpretations. Jane Pegel was warmly thanked for her unstinting work as Chair of the Technical Committee. For clarity Secretary

undertook to email all inputs to National Secretaries and the Board.

ACTION: Secretary

Stan Macur raised the question of sail measurement and pointed out that a full sail can be up to 2 ins/5 cm wider than a flat sail, and there did not appear to be any allowance for this variation in the sail specifications. Commodore undertook to email Jane Pegel.

ACTION: Commodore

TOPIC 12 IDNIYRA-EUROPE INSURANCE REPORT

Insurance Manager reported no problems in EC 2013 and the 2012/2013 season. The current mandatory insurance cover level of €500,000 would be reviewed at the 2014 Secretaries' meeting. Most DN sailors in Europe had cover well in excess of this.

ACTION: Insurance Manager

TOPIC 13 IDNIYRA-EUROPE NA CONTACT REPORT

IDNIYRA EUROPE
MINUTES AND DECISIONS
OF NATIONAL SECRETARIES

The exchange of information Europe to US and US to Europe was reported as very good and Deb Whitehorse was congratulated on her contribution in this very important area. Deb's presence at this meeting was greatly appreciated and warmly welcomed.

Webmaster briefed that with many similar names in European nations it would be very helpful as an option for the Ranking List to contain only sail numbers without sailor names. Deb undertook to request that this be started with the next Ranking List.

ACTION: Deb Whitehorse

Feedback on NA 2013 from Europeans who participated would be much appreciated by NA Commodore.

TOPIC 14 DISCHARGE OF THE BOARD OF OFFICERS

Following the proposal by Hennie van den Brink it was unanimously agreed that the Board of Officers (the Commodore, Vice Commodore, Insurance Manager, Treasurer, Junior Programme Manager, Webmaster and Secretary) had discharged their duties according to the Constitution in a very satisfactory manner.

TOPIC 15 ELECTION OF IDNIYRA-EUROPE OFFICERS (FOR 2 YEAR PERIOD)

The following were elected by acclamation for a 2-year period:

Junior Programme Manager
Secretary
Webmaster

Technical Committee

Andreas Bock was elected to the European Technical Committee for a further 6-year period.

TOPIC 16 EIA MEMBERSHIP

Secretary explained that the need for a European Ice Boat Authority (EIA) continued in order to enable Appeals against a Protest Committee decision in Europe. This was because the NIA did not recognise the course sailed in Europe (2 darling marks) and would not hear Appeals. Stan Macur had replaced Piotr Burczynski in the EIA and the membership was now as follows:
Dietmar Gottke, Stan Macur and Daan Schutte.

TOPIC 17 DETERMINATION OF CONTRIBUTIONS TO IDNIYRA-EUROPE SOCIETY E.V AND EC ENTRY FEE

It was agreed that the contributions to the above would remain unchanged at:

- a. IDNIYRA-Europe Society e.v. €45 per member nation and per registered starter in WC/EC 2014
- b. Entry fee for WC/EC 2014: €150 per registered starter. A total of €195 Junior DN and Young Sailor (aged 21 – 25) fee for WC/EC 2014 €75 (50% of Senior DN entry fee)
- c. DN Juniors and Young Sailors do not pay the IDNIYRA fee

ACTION: NOR Drafter

TOPIC 18 BUDGET 2013/2014

The Treasurer briefed the Budget which was unanimously agreed. Copies were provided for Society members present. The establishment of the "Young Sailor" – Junior DN up to age 25 was unanimously agreed.

TOPIC 19 VARIOUS PROPOSALS

Madars Alvikis proposed that in major regattas at the end of each day the top 3 sailors in each Fleet should mark their boats for the

next day with a coloured sticker on the sail to indicate:

1st Yellow
2nd Blue
3rd Red.

The sticker should be clearly visible at a distance. This idea was welcomed and it was agreed that it would be tried on a voluntary basis at WC/EC 2014. The position on the sail and sticker adherence/tag position should be researched early in the season. Webmaster undertook to provide stickers. Madars Alvikis was warmly thanked for his proposal.

TOPIC 20 YEAR BOOK AND RUNNER TRACKS

Year Book – this was now available on line (end of May for 2013 edition). Deb Whitehorse could provide the link for access.

Runner Tracks – issued 4 times per year. Articles from European sailors (DN or Ice Optimist) would be much appreciated. Emails to Deb Whitehorse: debwhitehorse@iceboating.net
IDNIYRA membership payment contact NA Treasurer Geoff Sobering to check payment: sobering@gmail.com

TOPIC 21 INTERNET COMMUNICATIONS

The Webmaster provided a comprehensive brief on the draft of the new IDNIYRA Europe web site. It will make full use of new technologies which better fit our needs with easier use, a tidy design and adaptation to mobile devices e.g. smart phones and social media with a Facebook integration. SMS notification was considered too expensive to set up.
[Post meeting Note: Following discussions with the NA Webmaster (Jim McDonagh) better NA/Europe cooperation is planned with “mirrored information” on e.g. Official Specifications, Ranking etc.]

TOPIC 22 WC/EC 2014

Host Nation Poland. Saturday 1st March to Saturday 8th March 2014
NOR to be issued by 1st December 2013
Insurance application Open 2nd December 2013 at 1200, Close 2nd February 2014 at 1200. Registration will Open 2nd January 2014 at 1200, Registra-

tion will Close 9th February at 1200. Pay by 14th February.

ACTION: Commodore
Poland
Insurance Manager
Secretary

TOPIC 23 NA 2014

January 19th to 25th, 2014 Hosted by Western Region

TOPIC 24 HOST NATIONAL SECRETARIES MEETING 2014

Latvia’s offer to host the 2014 Secretaries’ meeting was accepted with pleasure.
Dates 12th-14th September 2014.

TOPIC 25 EC 2015

The Netherlands’ offer to host EC 2015 was warmly welcomed and accepted.

TOPIC 26 WC/EC 2016

Lake Baikal under discussion. Decision to be made at 2014 meeting.

TOPIC 27 OTHER BUSINESS

a. Webmaster requested all nations to put their Regatta dates on the IDNIYRA-Europe web-site.

ACTION: ALL NATIONAL SECRETARIES

b. Webmaster’s request for an additional €300 to cover the cost of new IDNIYRA-Europe stickers was approved.

c. Secretary requested Membership Lists from all nations by 15th October 2013.

ACTION: All National Secretaries

The Commodore thanked all for attending and The Netherlands for all the excellent arrangements and transport. He wished all a safe trip home. The meeting closed at 1145.

DN TECH

OFFICIAL INTERPRETATION OF THE DN SPECIFICATIONS
SUBMITTED BY IDNIYRA TECHNICAL COMMITTEE CHAIR JANE PEGEL US805

Official Interpretations of the DN Specifications

G. Sail

09/20/2013 In specifications G.5 and G.18, the girth measurement points are located between the luff at the forward edge of the sail, excluding the bolt rope, and the leech at back edge of the sail.

I. Fittings

09/20/2013 The bow tang, reference specification I.14 must be mounted at the forward most (bow) end of the fuselage and all parts of the tang, with the exception of the fastenings attaching it to the fuselage, must be outside the fuselage.

DN Sailing: Passion Matters!

2013 DN Sails

For over 50 years our sail loft in Toledo has been building high quality ice boat sails. We took our passion and stepped it up a notch and developed two outstanding sails that have incredible range!

In a game that relies heavily on SPEED and having fine tuned equipment, shouldn't you consider something new and innovative?

It is time for **D-CUT DN SAILS FROM DIEBALL SAILING!**

Two sails designed to perform in all conditions! JD-01 is our SPEED SAIL that is designed for smooth ice and/or high winds. This design is a proven winner!! BB-01 is the POWER SAIL and is designed to give you that added punch! We analyzed the dynamics of both sails through our FLEX and AERO programs to optimize lift and reduce drag. The result is an easy to trim sail that has incredible high-end speed.

JD and Matt Struble at the 2012 DN North American Championship..

First of all, 2013 has been a very eventful year for you. Can you elaborate on what have been the highlights?

2013 really started in July of 2012 when Jimmy McDonagh US5214 agreed to drive with me to the Jersey shore to pick up a Skeeter I bought from Tom Nichols. We left on a Friday night and arrived in Jersey on Saturday. By 3 PM that day we had already eaten lunch with Tom, Dan Clapp, and Mark Hancik and had the Skeeter loaded on the trailer. It was a hot day and not many guys go and buy an ice boat when it's 100 F. We were nervous about it on the drive home and stopped often to check on our cargo. I was thinking, "What have we done?" A Skeeter is a lot to bite off and I was unsure if I really wanted to take on that much. That's where it all started for 2013.

I spent a lot of time working on ice boats and getting ready for the season. The Western Challenge was super fun with lighter air, fast sailing, and close racing. The Western Regional was the same with a little more snow on the ice. I took note that at the Western Regional Ron Sherry US44 made some short insert runners work and was super fast.

Then off we went to Lake Pepin for the Gold Cup and North Americans. Even though the conditions were tough we were able to get racing in. It was a super fun event and was ecstatic to finish third in the Gold Cup.

Obviously winning the North American championship was exciting. I sat there that day thinking, 'this is really going to happen.' I had a speed advantage in that light air condition. It took nine years for me to repeat as North American champion and it is a really big highlight.

In my personal life, I have a new baby daughter, Eloise. Anji, my fiancé, is a great lady and great mom. It's super neat to have a healthy daughter. Having a baby is something everyone should try once! It's pretty amazing.

The Skeeter regattas were unbelievable. Learning to sail a Skeeter is hard to explain. They are a lot more work to set up than a DN, but boy,

the ride is something, a whole new adrenaline rush.

Down in Madison on Lake Kegonsa I went out and sailed the Skeeter in nice light air right before the International Skeeter Association (ISA) regatta and the boat felt good. Then the first day of the ISA was really windy and I sat in the boat wondering 'how much wind will these guys race in?' And thinking we should go in. Finally, the race was abandoned because it was blowing 25 mph. I realized then that the Skeeter was a real handful. I never did really wind it up to full speed because I wasn't sure if there was enough room to wind it back down.

A WHOLE NEW ADRENALINE RUSH

During the regatta, we had a super fun lunch with the Skeeter fleet at Sunnyside. Buddy Melges was there and I think about that day from time to time because it was such a big day.

The Northwest Ice Yacht Racing Association (NIYA) had trying conditions. Everyone did a great job getting that one in. Sailing the Skeeter, I won a race and then the ten lap Free-For-All. That was a day I'll never forget. Kenny Whitehorse passed me on lap 8 in the Free-For-All when I pinched the mark and we had a great battle. I was fortunate to be on the right end of that race.

Photo Credit: cefirmbach.com

When did you first get involved with ice boating and who gave you your first ride?

It was a family sport. My dad bought two Lockley Skimmers when I was a kid for me and my sister. It was free entertainment in front of our house. My dad also had a Nite from Jane Pegel. We sailed ice boats as a family when there were conditions. Our neighbor, Dick Putnam, also kept his Nite and DN in front of our house.

The racing started later when I moved back home from Colorado. I built my first DN without really sailing one. I spent a lot of time and made a lot of phone calls to Jane. I made some mistakes and eventually got it right. I sailed my first DN regatta at the North Americans on Lake Mendota in Madison, WI in 1992.

If I'd won the last race, I could have won the Bronze fleet but instead placed second because I made a mistake and was still learning how to race ice boats. I was leading the last race and all I had to do was go to the layline, tack around, and sail to the finish. Instead I decided that I would leebow the sailor that eventually won, Mike Fullerton.

You have been at the sport for quite a long time. What is it that keeps you motivated and excited?

It's two sided right now because I really enjoy working on the boat and going sailing. I work on my boats as much as I can and enjoy the engineering side of getting the boat alignment perfect. When it's time to sail, I enjoy the sailing. Every year I think I could do other things but over time, I have made so many good friends through ice boating. I don't want to walk away from it, the craft, the sailing, and the people.

Sometimes I have my doubts but I always come back. The fact that we can't sail all the time makes the sport even more fun and our sailing so great.

"JD is, by far, the most talented DN sailor racing today. In my mind he is the complete package. There is a reason why he is a two time (and defending!) North American Champion.

JD's influence on the fleet is legendary. If you want someone to design a speed sail, ask JD. If you have a part that no one else can fix, ask JD. If you want to power-up a Polish runner sharpener in an American hotel, ask JD.

I am forever grateful to JD. I will never forget the day he pulled me aside and convinced me that I could compete in the DN Fleet. Since then, I have spent countless days racing on 'Tonka, and elsewhere, trying to catch JD.

JD is a man of few words. But watch him sail and you will conclude, as I have, that he is truly one of the best to have ever raced a DN."

Mike Bloom US5432

JD rounds the mark at the 2013 Northwest Ice Yacht Racing Association regatta on Green Lake in Wisconsin in his Skeeter ice boat.

I ENJOY THE
CRAFT
THE SAILING
THE PEOPLE

“When JD (and also the Doctor [Mark Christensen US4824]) aged-out of junior sailing, they came into the M16 scow class and quickly rose to the top of the fleet. It was readily apparent that here were two guys with real potential. They worked for Gordy Bowers when JD got involved in DN sailing. He’d phone me several times a week, trying to figure out how to make the boat go faster. I recall that he mentioned to Gordy that I wasn’t providing enough critical information. Apparently Gordy suggested that perhaps JD was not asking the right questions. From then on our conversations became more technical with respect to sailing technique and tuning the various components. JD built several masts and sails and began to win some races and regattas. From then on I was the person asking the questions about runners and mast deflection. I have always admired his determination to overcome the challenges life has placed in his path, and appreciate the support he gave me when I encountered similar challenges.” Jane Pegel US805

How do you find sailing your new Skeeter compared to the DN?

Once you are sailing they feel very much alike but the consequences are much greater in the Skeeter. There’s no question that the DN helps with the learning curve of the Skeeter. The fact that you can’t see the Skeeter sail is a really big adjustment especially from the vantage point of never having sailed a Skeeter. It’s a strange concept-to be ahead of the sail. It’s surprising how fast they accelerate and there’s so much power. Top and bottom mark roundings are a WOW every time, every time!

What has been your most memorable experience ice boating?

That’s a hard one because there have been some big ones. Finishing third at the 2013 Worlds was really exciting along with winning the North Americans for the second time.

In the Skeeter regattas I’ll never forget a couple of those bottom mark roundings. I’m so proud to be a part of the Skeeter fleet because I’ve watched them race all my life. The next year will be another big year in the Skeeter fleet because Dan Clapp will be racing again, he won’t miss another year. Winning the NIYA Free-For-All and talking to Buddy Melges

after winning a race was really unforgettable.

Talk about ice boat racing in Europe.

Steve Orlebeke US4926 and I went to the Worlds in 2008 along with a large American team. The regatta was originally scheduled for Poland but ended up on Lake Lipno in the Czech Republic. It was difficult to take the time to do it but anyone who is serious about this sport should take the time. We have a lot of friends over there and they take good care of you.

You learn how they run the races. They do a nice job with a professional race committee and the large number of boats.

It was two weeks of fun from getting there, getting the boats ready, traveling as a team, and the racing of course. Jörg Bohn G737 rented a Mercedes Sprinter which I helped to drive. It was slow driving it up the hills with the trailer but fast coming down. Jörg warned me that the fine for speeding would be high but I kept it fast down the hills.

Matt Struble US183 won the Worlds and we all had a bit too much fun celebrating the win that night. We sailed the European championship with headaches

the next day.

What advice would you give to new aspiring racers?

The number one piece of advice I can give is to find a used boat, the best boat you can afford, get involved, and THEN figure out how to upgrade your program.

Secondly, if there’s a regatta called on, just GO! Don’t worry about what the weather might do, just go. The worst thing that will happen is that you won’t sail. Even if you don’t sail, you will learn something. Just go, make it easy, and don’t think about it.

I asked Jeff Kent, ‘what makes them go fast?’ He said “everything”! I start from the bottom and work my way up. I make sure the runners have the right crown, straight edges, and are aligned. Then I work from there on my mast and sail.

JD explains wiring a Polish runner sharpener as Steve Orelebeke looks on.

Are you still finding new ways to make the DN go faster, either in technique or equipment?

Yes. At the 2013 North Americans I took what I learned during the season and applied it to my boat. I learned from watching Ron Sherry and Robert Graczyk P31 work on their runners. I had a set of 15 year old runners, 30" inserts that I had barely raced on, worked on them in the hotel, changed the angle, put them on the boat, and made sure they were lined up. We all know what happened. There's always more ways to go fast and that's what's so great about the DN.

What are some of your soft water sailing accomplishments?

Right now I'm sailing an A scow. In the past I've competitively raced scows including Es, Cs, MCs, and M16s. I also sail a J24. I won the Inlands [the largest and most important scow regatta in America] in a C scow, MC scow, and M16. I was on board an A scow as a trimmer during another Inland regatta win.

A nice warm breezy day with warm water, out soft water sailing, compared to black ice with fresh breeze, out ice boating? Which one do you choose?

A warm breezy day on black ice! I remember sailing on Lake Pepin when it was 65 F and the lake was hard and black. Those are the best days.

"When I first met JD, he was a brilliant scow sailor, sail maker, and up and coming DN sailor.

When we first started Composite Concepts in 1995 he was one of the first people to jump on board and promote our products.

He has a real accurate eye for what makes a boat go fast. If he needs something new, he will build it or buy it. The night before this year's North Americans he took an old set of 30" runners and turned them into regatta winners.

He has become one of my coaches over the years. I have made many a late night call from Europe to get his advice. He does a great job of pointing out the obvious without making you feel like an idiot.

The most important contribution to the class is his ability to judge weather and find ice. JD has a great team of scouts he has developed over the years. He is always involved in finding ice for the Western Challenge, Western Regionals, and any continental event we hold in the Western region.

I will never forget last year before the North Americans when he came up to me and said, 'I'm not asking you, I'm telling you that me, you, and Tomek are going out to find ice for the North Americans.'

The temp was just above zero F and it was blowing over 35 mph in the puffs but we went out and it was the most fun of the whole trip. We traveled south on the Mississippi and then north to find a piece of ice big enough with the least amount of snow so we could run the event."
